

THE ONE AND ONLY ... GINGER NINJA

Frizzy hair and four foot six
Million freckles, a zillion zits
Always dazzled, always dazed
Glasses that are – double-glazed
Once seen – soon forgotten
Muscles just like knots in cotton
Once a whiner, once a whinger
Everyone picked on the kid that's ginger

So ...

Evening classes – every night
Self defence and how to fight
Ju Jitsu and Tae Kwon Do
Tai Chi, Judo and Kung Fu
Toned his body
Trained his brain
Harnesses the power
Took the strain
Not now him – the nervous cringer
Better watch out for the brand new ninja

The white pyjamas – the art of Zen
He practised again and again and again
No longer a mouse, nearly a man
A frizzy, dizzy Jackie Chan
A shadow of the kid
That he used to be
A freckled spectacled
Bruce Lee
Supersonic – carrot - binger
Look out for – The Ginger Ninja

Front flip back flip - acrobatics
Slow mo - somersault dramatics
Don't get him angry – don't make him sulk
He'll start to change – worse than the Hulk
Temperature rising – higher and higher

Blows his top – hair on fire
Furious flaming top knot singer
Best watch out for the ... Ginger Ninja

Super slick – lightning quick
Rabbit kick – neat trick
Denting doors with a swift headbutt
Snapping planks with a kick from his foot
Pushing a car
Pulling a wagon
Exit the wimp
Enter the dragon
Karate chopping door un-hinger
There's no stopping ... The Ginger Ninja

Now there's no-one who dare injure
The one, the only ... The Ginger Ninja
