

## **ROCK, ROBOTS, ROCK**

Cogs that turn, sprockets grind  
Wheels spin, wires unwind  
Flashing lights – megabytes  
Rock – Robots Rock  
Rock – Robots Rock

Gears change, springs uncoil  
Motors whirr, grease and oil  
Microchips – switches switch  
Rock – Robots Rock  
Rock – Robots Rock

Levers pull, circuits whizz  
Pistons pulse, filaments fizz  
Plugs that spark – light the dark  
Rock – Robots Rock  
Rock – Robots Rock

Laser beams and sonic beeps  
Boosters boost and beepers bleep  
Cables drift – shapes that shift  
Rock – Robots Rock  
Rock – Robots Rock

Computer screens, neon flash  
Crackle, crazzle, fizzle, crash  
Metal sound shakes the ground  
Rock – Robots Rock  
Rock – Robots Rock

Robot rhythm, robot noise,  
Robot girls, robot boys.  
Android stars, loud guitars,  
Rock – Robots Rock  
Rock – Robots Rock  
Rock – Robots Rock
